

# To Vote on Covered Rink Council Favor Site on 4th Ave.

Minutes of a meeting of the Council of the Town of Gleichen, held in the Town Office, Friday evening, September 13th at 8 p.m.

Present: Mayor Purcell; Councilors Brown, Wade, Milne, McLeod and Little. T. H. Beach, A. J. Robinson, W. J. McKay and J. E. Lester were also present.

The minutes of the previous meeting, Aug. 5, and the special meeting Aug. 26, 1929 were adopted as read on motion by Milne and Wade.

T. H. Beach explained that he had called on the meeting in regard to extra insurance on the Town Office and was soliciting for that business. The finance committee value the building and contents and put extra insurance on to cover—Carried.

Re Wood, Vallance and W. H. James. The secretary advised that he had been in communication with J. Boyd in regard to this matter. Mr. Boyd has been acting for Wood, Vallance and Mr. James. The secretary agreed to understand that something would be done in the matter within a short time. It was decided to leave the matter in abeyance for the meantime.

The secretary advised that he had interviewed the Star Cafe regarding the dismantling of the lease to behind their premises. They would see what it was intended to do. Mr. Wade advised that Mr. Niel, the milk man was to take it down but that he got out in the harness field at the present time.

Cousa, Milne and Moss: That the secretary be instructed to purchase a cash-box and advertise the town sale for sale with the Department of Municipal Affairs. Edmonton at a price of \$200—Carried.

The Provincial Health Inspector's report was read and adopted on motion of Cousa, Brown and Milne. Application was received from Mrs. French to purchase 1200, to 1500 bricks and on motion of Cousa, Brown and Milne it was decided to sell them to her at \$10 per 1000.

Letter from Dr. Dunsin on, regarding the horse was read and the secretary requested to answer the same. A letter was read from Mr. Gosnell regarding sewer connection at the Rose Tea Room. It was decided to leave this matter for a time pending further developments between Mr. Clifford and Mr. Gosnell.

Secretary advised receiving answers to his letters to seven towns regarding the milk question and milk by-law. Considerable discussion regarding this took place.

Cousa, Moss and Brown: That the secretary draw a by-law to be submitted at next meeting and in touch with Dr. Barlow, of Bananas manure cover in town—Carried.

The accounts as certified by the

finance committee were passed on motion of Cousa, Moss and Brown. A letter was read from the Gleichen Board of Trade regarding the irrigation scheme. On motion of Cousa, Brown and McLeod it was passed that the Irrigation Committee of the Board of Trade have a survey of the town lake made by Engineer Bradley at a cost not to exceed \$150.

On motion of Cousa, Milne and Wade the tenders for building the rink were opened and were as follows: C. Thompson, \$14000; W. T. Scott, \$10075. For electric wiring: King-fisher Electric, supplies \$274.70; Broderick Electric Co. \$430.00.

Cousa, Little and Wade: That Councilors Milne, Brown and Moss be appointed to decide upon a site for a rink and to report at a special meeting of the council on Sept. 16th, at 8 p.m.

It was decided that any old age pension at application where the town would be liable for 10 per cent, under section of the Old Age Pension Act all be submitted to the council.

Cousa, Milne and Moss moved the adjournment.

The special meeting of the council was held on Monday evening, Sept. 16th, 1929 in the Town Office.

Councilors Moss, Brown, Wade, Little and McLeod were present. A Buckle of Calumet was being garded painting the inside of the water tower. But the council decided to leave it for another year.

It was decided to let Mr. Buckley paint the flag pole for \$12.00.

The meeting then went into the explanation. Councilor Brown explained that the only feasible action was in Block opposite Dan McLeod's implement shop. The town would have to pay for the same.

Councilor advised that he had seen Mr. Beggie and that he only wanted to sell three for \$100. Councilor Milne was of the opinion that the other two could be obtained by moving the shack from Mr. Beggie's and giving him his lot in across the street instead.

Considerable discussion took place regarding the cost of the rink and the amount of excavating, leveling to be done. A total amount of \$1250 was considered to be necessary for the complete job.

By-law to raise by the issue of debentures the sum of \$12500 to be used in the construction of a covered skating rink.

# TRYING TO BE FUNNY IS NO JOKE SAYS STAR

Laura La Plante, Star of "Home Jams" Takes Herself Seriously

One comedienne who has no desire to be a tragedienne is blonde-bombed Laura La Plante, whose newest Universal comedy, "Home Jams," which will be shown at the Gleichen Community Hall, on Saturday evening, September 21.

It is one of the traditions of the theatre that the comedy group want to do tragedy and vice versa. Each no doubt would like to show his versatility at the expense of "showing up" the others.

Miss La Plante is satisfied with her comedy roles. She believes it is much more difficult to be a good comedienne than to be a good tragedienne.

"The acting in comedy must be more subtle than in tragedy," she says. "One can actually see it, so to speak, while the audience notices it, but try it in comedy and see how it goes. The audience will laugh to see and nothing is more pitiful than to see the water."

No. 1 Chemical Team finally showed up while both the Hook and Ladder team were not plentiful enough to appear.

The prize winners of No. 2 chemical comprised Capt. Hugh Bates.

# Early Fire Brigade Practice Chemical No. 2 Boys Win Prizes

While practically the whole town saw the fire brigade practice, the boys of the fire brigade were the only ones who were not present.

At the tick of 6:30 the alarm rang and the fire brigade was called out. The boys of the fire brigade were the only ones who were not present.

The first fire practice of the season was on. Smoke poured out of the engine and the fire brigade was called out.

The prize winners of No. 2 chemical comprised Capt. Hugh Bates.

# Here and There

The greatest apple crop in the history of Nova Scotia, is the most unanimous opinion expressed by prominent fruit growers and Government experts of the province.

In preparation for the opening of the 1929 big game hunting season, the Brunswick, 25,000 hunters have been sent out from the Department of Game and Fisheries.

E. W. Bosty, chairman and president of the Canadian Pacific Railway, is now in the city.

# Leather Spring Covers Lovejoy Shock Absorbers Luxurious Fisher Bodies

PONTIAC provides not only big car performance,  
but a riding comfort formerly obtainable only  
in cars far above Pontiac.

Leather spring covers keep the long, semi-elliptic  
springs always at maximum tension to prevent  
squaks and minimize wear, keep dirt out and grease  
in. Four Lovejoy Hydraulic shock absorbers take  
up jolts and jars. Pontiac's strikingly beautiful  
Fisher Bodies give ample comfort.

And Pontiac's comfort is lasting. . . Pontiac beauty  
is enduring. . . just as Pontiac performance remains  
undiminished through years of service. Pontiac offers  
more for your money than any other car in its price-  
range. Compare it. . . then decide on your car.

### SPEED IS THE THING

Marvelous as was the discovery  
that sound impulses could be trans-  
mitted by telephone and radio, their  
transmission would be of little  
value if they travelled only with the  
speed of ordinary sound.

To illustrate: If one were in Van-  
couver and desired to talk with some  
one on the other side of the continent  
and had a voice loud enough to be  
heard that distance, it would take  
nearly four hours for the message to  
reach the continent—for sound only  
travels 720 miles an hour.

But, fortunately, electrical and  
radio impulses travel with the speed  
of light, which for all practical pur-  
poses is instantaneous for terrestrial  
distances, or about 186,000 miles a  
second.

Incidentally it may be mentioned  
that so far the longest combined tele-  
phone and radio conversation ever  
carried on by a regular toll customer  
was between San Diego, California  
and Stockholm, Sweden, a distance  
of 6,920 miles. By special arrange-  
ment longer distances have been  
covered.

Many improvements in telephone  
and radio communication will be  
made in the future, but there will be  
no increase in speed. Always the  
sounds are transmitted with the  
speed of light, the speediest thing in  
the universe.

### HIS FATAL MISTAKE

This is the story of a prudent man,  
as told to recently:

He looked 1/2 teeth twice a day,  
wore rubber in wet weather, did his

daily dozen, slept with windows open,  
was careful with his diet, had a medi-  
cal examination twice a year, never  
smoked, drank, or indulged in any  
kind of excess. He was all set to  
live to be a hundred years old.

He is survived by 18 specialists,  
four health institutions, six gymna-  
siums and numerous manufactur-  
ers of health foods and antiseptics.

He forgot to look out for a train at  
a grade crossing.

### FOREST LOSS BY FIRE

Loss by forest fires in Canada dur-  
ing recent weeks have been tremen-  
dous. From a wide area have come  
reports of fruitless efforts to check  
the flames. Unusually dry weather  
has caused a fire once started to  
spread with great rapidity. The care-  
less dropping of a lighted match un-  
der such conditions might easily mean  
the destruction of thousands of acres  
of valuable timber. The prevention  
of forest fires is one of the country's  
great economic problems at a time  
when the depletion of timber through  
ordinary use is causing grave concern.  
The most distressing feature of the  
situation is that it seems almost im-  
possible to prevent this appalling an-  
nual waste of a great natural re-  
source.

### SOVIET CHILD WORKERS

More than a million Russian child-  
ren between the ages of eight and  
fourteen years are compelled to toil  
under the most shameful conditions,  
according to a Communist newspaper  
of Moscow.

While Soviet laws are supposed to  
prohibit employment of children un-  
der fourteen, it is declared that little  
attempts is made to enforce this pro-  
vision. Added to the hardship of  
working twelve hours a day in fac-  
tories, the Moscow paper declares  
that these children "are beaten; they  
are absolutely without protection,  
and they grow up feeble and ignor-  
ant beings."

When such reports are published in  
Soviet newspapers, it is easy to  
believe that real conditions are even  
worse, if possible, than they are  
portrayed.

While the plight of the poorer  
classes in Russia was terrible during  
the czarist regime, it appears that it  
is more horrible under Communism.  
Thus a potentially great people are  
apparently doomed to a bloody fate,  
through their inability to set up a  
government based upon liberty and  
justice.

The announcement that vitamins  
have been found in hash cause no  
surprise. Nearly everything else  
has been found in that delectable  
viand.

Nearly everything about the World  
War is settled now except who started  
it and who won it.

Ladies who go in for the sun-tan  
fad should remember that that's how  
the Indians got that way.

## ECHOES OF GLEICHEN TWENTY YEARS AGO

Taken from the Call in 1909

Messrs. Barclay and Hall arrived  
last week and purchased the Gleichen  
Mercantile Company's store the new  
firm offering for business Monday.

Mrs. Wishart, Mrs. Gillespie and  
Miss MacArthur returned on Sunday  
from Banff.

Bertin S. Corey arrived last week  
from Amherst, N. S. and has decided  
to locate in Gleichen.

Wonderous stories are coming from  
Queensdown district of the crops be-  
ing harvested there.

Frank Vigor has bought four lots  
on Fourth Avenue on which he will  
erect a grain churning plant. He  
will also build a residence and move  
his family in from the Rosebud.

Tuesday night Strathmore station  
burned to the ground with the entire  
contents.

Over 100 horses and 40 wagons  
passed through town from J. D. Mc-  
Cartur's camp on the S. A. L. Co.  
cars on their way to Stettin.

## THE FORD CAR STEEL SPOKE WHEELS

Close up view showing  
how Ford Specified  
Tire fits into drop cen-  
tre rim.

## Greater Strength and Durability

### THE Ford Steel Spoke (Drop Centre)

Wheel is an advanced step in engineer-  
ing and the result of exhaustive experimental  
tests. It is smart in appearance, extra strong,  
having a lasting finish, easy to clean and  
provides a simple method for mounting and  
dismounting the tire without tools and in a  
fraction of the time previously required.

The steel rods or spokes, 1/4" in diameter, are  
electrically welded to rim and hub shell. The finish  
is enamel baked on steel. Possessing great resiliency  
and being one solid piece, these wheels have a  
sturdiness not approached by any other type.

The Ford wheel eliminates loose, squeaking spokes  
and rims, pinched tubes, chipped or peeling finish,  
necessity of tire flap, misalignment of tires due to  
carelessly mounted rims, and a host of other wheel  
and tire ills formerly encountered. It permits of  
easy steering and no drumming sound is created  
by the wind.

There is an enormous amount of careful work  
necessary to build strength and service into the  
Ford Steel Spoke wheel, and the results justify the  
engineering study and skill devoted to this feature  
of the Ford car.

Angeles yielded to the pleas of her  
young sons to play football and broke  
her ankle while running with the ball.

# Winston Churchill Says Great Britain Foreign Policy One Of Peace

Victoria.—Great Britain's foreign policy has never been one of subservience to peace, but one for the preservation of peace in Europe. Mr. Winston Churchill, foreign secretary of the exchequer in the Baldwin Government, declared in his hour, where nearly 50,000 persons gathered to hear him, that he was not speaking automatically. The gathering was sponsored by the Canadian Club and National Council of Education.

He had gathered, said Mr. Churchill, that there had been tendencies to misrepresent the foreign policy of which spoke Britain had ever recognized, he recalled, that reconciliation between France and Germany was the primary objective of British diplomats and leaders. All other problems were of lesser importance. Through the treaty London the bringing of these nations into closer comradeship had been attained.

"We have always been anxious that Germany should resume her place in the family of Europe, and that has been achieved. Not that we did that at the expense of the peace with whom we stood on the side during those long war years," he said. "Our policy was successful."

Britain had very old and highly trained associations with the United States, dealing with the policy in the past, and he had always found his confidence in the government of the United States strengthened by all its conduct.

In broadening the Anglo-American friendship at Washington, to include the United States, the Pacific ocean had been placed in a position of security that did not belie its name. "I think you will agree the British policy in China has been successful and he declared, pointing out that a very different period had been passed through and considerably more peace in sight.

## Reduce Running Time

Canadian National To Consider Matter Of Increasing Speeds From Montreal To Vancouver

Winnipeg, Man.—Immediate consideration is being given the matter of cutting the running time of Canadian National trains from Montreal to Vancouver in conformity with the proposed cut of 10 hours for transcontinental trains by the Canadian Pacific, as recently announced by President Beatty, according to a statement issued by Mr. Henry Thornton, K.C.B.E., president of the Canadian National Railways, just prior to his departure for Montreal.

The president who was accompanied by Lady Thornton, left on his special train for the west. This marks the conclusion of Sir Henry's annual tour of western lines, the course of which, he said, he had once more had occasion to note with admiration the optimism of Canadian in the west under trying circumstances.

He referred to the adverse crop conditions. While a national disaster had been narrowly averted, the morale of the westerner had not been affected. Nor had the faith of the Canadian people in the government been shaken, stating that the plans for expansion which had been in progress since he continued westward were not being considered.

## Opening Of H.B. Line

Regular Passenger and Freight Service May Start Next Season. The P.N. Man.—The Northern Mail opens Major J. G. McLaughlin, president of the Hudson Bay Railway, as follows:

"We expect the first work train to start on a regular schedule. The track will start in Churchill by about next Thursday and if the demand warranted it, a regular passenger and freight service could be put into service by November."

"Work trains went into Churchill last year over the steel laid on the new and frozen material. It was a measure that was needed to take the freight into the port for the extension building operations of the department of highways and canals."

## Boat Strikes Wreck

Yarmouth, N.S.—Writing a column about some miles from Yarmouth Cape, the steamer "Yarmouth" only freed itself from danger by stopping and taking away from the woe of human nature.

## British Settlers For Coast Province

\$400,000,000 Is Received For Purpose Of Facilitating Plan

London, Ont.—Received sum of \$400,000,000 for the establishment of the Empire Development Corporation limited, under an act passed by Dr. C. T. Galbraith, in London newspapers recently an assertion that is causing much rejoicing in the official quarters. Dr. Galbraith is in connection with the movement of British settlers to the coast province of British Columbia.

Dr. Galbraith says it is proposed that the corporation should acquire 20,000 acres in British Columbia and settle there 20,000 British families.

Premier Toulon has requested Mr. Edward H. Macdonald, president of Manitoba Free Press, who was honored at Winnipeg on the 50th anniversary of his entry into his profession.

## Trans-Canada Telephone

Line From Halifax To Vancouver To Be In Operation Soon

Edmonton, Alberta.—Within two years a trans-Canada telephone line will be completed from Halifax to Vancouver, and Canadians will be able to talk from coast to coast over an all-Canadian wire, delegates to the ninth annual convention of the Telephone Association of Canada were told during their five-day meeting at Jasper recently.

The line, it was explained, will cost \$10,000,000. Already it is possible to talk from coast to coast in different provinces, but for conversation over a greater distance international lines are necessary.

Some 72 delegates from every telephone exchange in Canada attended the convention, and many phases of the telephone business were discussed.

Succeeding Hon. Vernon W. Smith, Minister of Railways and Telephones for Alberta, James Hamilton, general manager of the B.C. Telephone Company, Vancouver, was president of the association. Other officers chosen were: Vice-President, John E. Lowry, commissioner of the Manitoba Telephone System, Winnipeg; permanent secretary, A. M. Mitchell, auditor of the Alberta telephone system, Edmonton.

Sir John New Brunswick, was elected as the association's convention city for 1930.

Hon. R. B. Bennett in Ottawa

Returned to East After Five Weeks' Tour of British Columbia. Ottawa, Ont.—Hon. R. B. Bennett, opposition leader in the House of Commons, returned to the capital after a five weeks' tour of British Columbia, in the course of which he delivered more than 100 addresses.

The Conservative chieftain returned more impressed than ever with the achievement and potentialities of the Pacific coast provinces. He said, however, the failure of the present government to provide adequate protection was impeding the fruit growing districts, where, he said, the growers, unable to find home markets, were sending carloads of fruit to the United States on consignment—willing to take any price.

Commander Hryt Unveils Portrait Los Angeles, Calif.—A portrait issued by Commander Richard E. Hryt, of the U.S.S. Albatross, at Little America being an automobile trip through the mountains of the large picture of Hryt at the Seventh National Radio exposition here.

## Eighteen Day Trail Ride

The remote Columbia Ice Fields, north of Lake Louise, was the objective this year of the major Trail Ride of the season. These fields are claimed to be the largest body of ice south of the Arctic Circle, covering 200 square miles in ruggedly broken country.

Eighteen day trail rides are permitted to take this strenuous trip for which the trail is being opened to the public. The trip from start to finish took eighteen days to complete. Picture shows two of the harry trail riders, W. E. Payne, London, England, and Lord Lewis Prevost, Montreal with Prevost's guide on right, together with a section of the Columbia Ice Fields.

## Gardiner Government Goes Down To Defeat

Remarkable Political Situation In Saskatchewan Resulted With Want Of Confidence Vote

Regina.—The Liberal Government in Saskatchewan after a tenure of office of 24 years, were today defeated on the floor of the Legislature on a vote of confidence. The defeat was brought about by the elected representatives of the people, Conservative Progressives and Independents joining together on the vote of confidence vote.

Hansy, Premier of the day, was absent when the vote was taken, namely, D. A. Hall, the Liberal member for Cumberland.

Mr. Gardiner closed the debate on the want of confidence motion for the Government, and was followed by E. S. Whitley, Progressive member for Regina. He made no statement indicating the attitude of the Progressive members on the confidence motion, and that they intended to support the motion.

C. Stewart, Independent member for Regina, followed Mr. Whitley, and stated that the Independent group would vote against the amendment.

No member of the Conservative group spoke on the amendment, and at the conclusion of Mr. Stewart's speech the Speaker called for the vote.

Infantile Paralysis in East

Quebec School Daily Opening On Account Of Outbreak

Quebec, Canada.—The outbreak of infantile paralysis in this district, it was decided by the Protestant Board of School Commissioners, to suspend the opening of schools until Sept. 18. Schools in this city generally open the first week in September.

Dr. Alphonse Leonard, director of provincial hygiene department, announced that the department was not in a position to supply convalescent cases with food, but in the event of urgent need would endeavor to secure a supply.

## GOO PROGRESS IS GARNERING CROP

Ottawa.—Crop reports received from the three prairie provinces indicate that the wheat crop is averaging the wheat crop. The bulletin issued by the Dominion Bureau of Statistics, under the heading of agriculture departments of Manitoba, Saskatchewan and Alberta.

The crop is practically all in the southern Manitoba, and threatening to be a record crop, due in part of the province.

A few fields still stand in the north. Splendid progress has been made with harvesting in Saskatchewan. Ninety per cent of the wheat has been cut in Alberta, 90 per cent of the oats and barley, and harvesting work has been very favorable.

Light frosts in scattered districts have done no harm to the Alberta wheat crop. The weather is in Manitoba, wheat averaging from five to 20 bushels is reported.

The report for Saskatchewan follows: "The progress made with harvesting is practically all in the south, and threatening to be a record crop, due in part of the province."

## Moslem Arabs Called Upon To Revolt And Move Against Palestine

Would Ask For Assurance

Premier MacDonald Should Have No Doubt As To Result

Visits States

London, Eng.—Discussing Premier MacDonald's visit to the states at Geneva, that the home parliamentary situation might possibly intensify his trip to Washington, the Liberal newspaper, the Star, suggests editorially that opposition leaders give the Premier, before he leaves, firm assurance that the exigencies of the war will not arise and that when he goes to Washington it will not be as the leader of the Liberal Government, but as the spokesman of the whole nation on the vital issues concerned.

Speaking of the possibility of his trip, the Premier pointed out the difficulty of the leader of a party without a clear majority being out of the country while parliament was sitting.

Rebels, despite official denials, that skirmishes with the British occurred in the Hebron, in which six native Christians were killed.

Jews, who held the first proclamation of the high commissioner, Sir Charles Tegart, in the Hebron, during their cause, were not so joyful over a second proclamation by the high commissioner, which announced constitution of special courts presided over by British judges, and the criminal law among both Jews and Arabs, growing out of the recent disturbances.

London.—The situation in Palestine continues grave in communities where the Jews and Arabs have been according to advice received by the Exchange Telegraph agency. Calamities have occurred in the Hebron, in which six native Christians were killed.

The situation is calm, however, and people are resuming work. Curfew hours have been maintained and troops patrol the streets nightly. Jews and Arabs are boycotting each other.

Jerusalem.—Moslem Arabs throughout the Holy Land, since the bazaar, are being called upon by highly inflammatory propaganda to revolt against the British mandate in Palestine.

Floods of the propaganda material have been coming from Haifa, Jaffa, Egypt, Damascus, Beirut, Aleppo and even from Jerusalem in the smouldering of renewed discontent which some reports have been received.

One of the proclamations in circulation among the Arabs heralded a "Holy war" and called upon all Arabs to help Arab insurgents in Palestine, whose condition was described in the "Blackest times."

Although Jerusalem was quiet, British troops around their incantations of the tribesmen who have penetrated the Palestine borders.

Reports persisted, despite official denials, that skirmishes with the British occurred in the Hebron, in which six native Christians were killed.

Jews, who held the first proclamation of the high commissioner, Sir Charles Tegart, in the Hebron, during their cause, were not so joyful over a second proclamation by the high commissioner, which announced constitution of special courts presided over by British judges, and the criminal law among both Jews and Arabs, growing out of the recent disturbances.

## Town & District

Visit the Ramsay Harvest Sale.  
Sept. 27—Board of Trade dance  
in Gleichen Community Hall.

The peaceful ducks of Sunday were  
real wild fellows by Monday night.

Buyers from a distance are patron-  
izing in good shape the Ramsay Mer-  
cantile Harvest Sale.

Mrs. J. A. Menard returned Satur-  
day from Crookston, Minn., where she  
was called owing to the death of her  
father.

Some of the campers at Stortak  
lake are said to have completed their  
duck preparations Sunday night that  
they had their guns cocked and sight-  
ed.

A whist drive will be given by  
Ladies Auxiliary of the R. E. S. L. in  
the dining room of the Gleichen Com-  
munity Hall next Friday evening,  
Sept. 20th.

Up to the hour of going to press  
none of our mighty hunters have re-  
ported shooting more ducks than the  
law allows, although some very good  
bags were brought in.

While the average obtained by  
students in Alberta for high school  
was 75 per cent. Gleichen boys and  
girls passed with 80 per cent. This is  
most pleasing to all especially the par-  
ents, pupils and Principal Badner.

St. Andrew's services for next Sun-  
day are as follows: 9 a.m. Holy Com-  
munion; 11 a.m. Sunday School and  
at 7:30 p.m. radio service from Cal-  
gary arena, preceded by a half hour  
special orchestral service.

Mr. Chas. C. Plante, better known  
to his Gleichen friends as "Yankie,"  
son of Mr. and Mrs. T. Plante of  
Gleichen, was married, Sept. 2nd, to  
Miss Marie Mitchell, of Crookston,  
and formerly of Brooks, in Seattle,  
Wash., where the happy couple will  
make their future home.

Miss Bowen, who for the past few  
months has proven one of the most  
obedient and attentive young ladies  
Gleichen has had on the night staff  
of the Government Telephone, has  
accepted a better position at Banff  
and left Sunday for that great sum-  
mer resort. Her many friends re-  
gret her departure and wish her all  
things good.

Mr. and Mrs. Albert Clark, of Van-  
couver spent a few days last week in  
Gleichen and vicinity, returning from  
their honeymoon trip east, through  
the States and visiting Ontario and  
many other eastern points on their  
way back to the coast. Mrs. Clark  
was formerly Mrs. B. Ramsbottom  
and lived in Gleichen many years.  
They were accompanied by her son  
Dennis Ramsbottom and his wife.  
They met many old friends while  
here.

We have seldom seen any more ex-  
citements in Gleichen than was noted  
last Saturday around the Ramsay  
Mercantile Ltd. store where they  
were having a big Harvest Sale going on.  
Talk about fruit and fruit prices,  
they were sending out auto loads of  
fresh fruits at prices considerably be-  
low the big markets of Calgary. Some  
of our Gleichen ladies who spent gas  
to go up fruit prices Friday in the  
city were feeling kind of weak when  
they found Ramsay's were 10c and  
15c per case cheaper in Gleichen. It  
is good to deal with the live local  
merchant, he generally gets there.

### ANOTHER GLEICHEN BOY HAS MADE GOOD

Another Gleichen boy has made  
good and it is ever a pleasure for The  
Call to report the progress of our  
boys and girls. This time it is James  
Wright. "Jimmy" as he is fami-  
liarly known after passing through the  
Gleichen school became a teacher and  
after teaching at Parkland taught in  
Gleichen, and then accepted a school  
at Bassano, where he was urged to  
remain although he had about con-  
cluded to change his occupation. Now,  
however, it is just learned why Bas-  
sano was so anxious to keep him in  
their town as 100 per cent of his  
pupils passed their examinations.  
Naturally Gleichen folks are as de-  
lighted as his parents to learn of his  
success, or Bassano is to keep him.

### MISCELLANEOUS

### TOWN OF GLEICHEN

NOTICE TO RELATIVES OF PER-  
SONS ON THE ASSESSMENT  
ROLL AND TO TENANTS

Notice is hereby given that during  
the months of September and October  
applications may be made under the  
provisions of Section 201 of the Town  
Act for inclusion in the voters list of  
the Town of Gleichen.

The wife, husband, father and  
mother and every son and daughter  
of any person whose name appears  
upon the assessment roll are entitled  
to be placed upon the said list:—

(a) if he or she is resident with the  
said person within the town, or as-  
sists him in his business in respect  
of which he is taxable and;

(b) if he or she is of the full age  
of twenty-one years and;

(c) if his or her name does not  
already appear on the roll and;

(d) if he or she duly makes ap-  
plication in accordance with this no-  
tice.

All tenants who have rented an as-  
sessed parcel for a period of twelve  
months immediately preceding the  
last day of August of this year and  
who duly make application during the  
months of September and October  
are entitled to be placed upon the said  
list.

M. MURRAY,  
Secretary-Treasurer.

## Sell yourself a Chevrolet

CHEVROLET owners sell themselves on  
Chevrolet. They learn behind the wheel of  
the New Chevrolet, just what it means to drive a  
real six . . . a six with a high-compression valve-in-  
head engine, with staunch and stylish Body by  
Fisher . . . yet a six at the price of a four.

They taste the joys of six-cylinder power and  
smoothness . . . six-cylinder torque and acceleration.  
They experience Chevrolet's marvelous comfort  
and handling ease. They discover that this amazing  
new Chevrolet gives them every modern conven-  
ience feature . . . such as twin-beam, foot-controlled  
headlights; finely upholstered, deep luxurious  
cushions; high-speed window regulators; Tensatec  
quality hardware; completely equipped, indirectly  
lighted instrument panel, including electric temper-  
ature indicator and theft-proof Electrolock.

When you are considering the purchase of a car  
sell yourself on the car you want. Get behind the  
wheel of the New Chevrolet and make your own  
tests. Then decide on Chevrolet only after you  
have proved to yourself that it offers you more  
for your money than any other car in the low-  
priced field.
